**JEW ST 357 // ENGL 357 // RUSS 320A**

**5 credits VLPA, DIV**

How do minority writers, filmmakers, comedians, and graphic novelists assimilate into and influence majority culture while creating their own identity? How do they contend with questions of immigration, gender, sexuality, race, intergenerational trauma, and cultural memory?

Consider these questions through literature and film related to the American Jewish experience.

Expect much lively discussion.
